Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 16 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with some heavy rain likely for a time tonight.

This Evening and Tonight:
Some clear spells at first this evening, but cloud and rain already in the north will spread to all parts overnight. The rain could be heavy at times, particularly over Cumbria, and it will become quite windy near the coast. Minimum temperature 9 deg C (48 deg F).

Sunday:
Cloudy skies and spells of rain and drizzle for most through Sunday morning, however there will be some drier and brighter interludes in the afternoon, especially across the south. Maximum temperature 15 deg C (59 deg F).

Outlook for Monday to Wednesday:
Changeable conditions will prevail over the next few days with spells of wet and windy weather interspersed by some drier interludes. Generally mild by day and night.
